HOW TO RECEIVE TOKENS

To receive tokens, it is **VERY IMPORTANT** that you select the network where you wish to receive them. Otherwise, you could **LOSE THEM**.

For this example, we are going to receive Maka tokens on the MakaChain network.

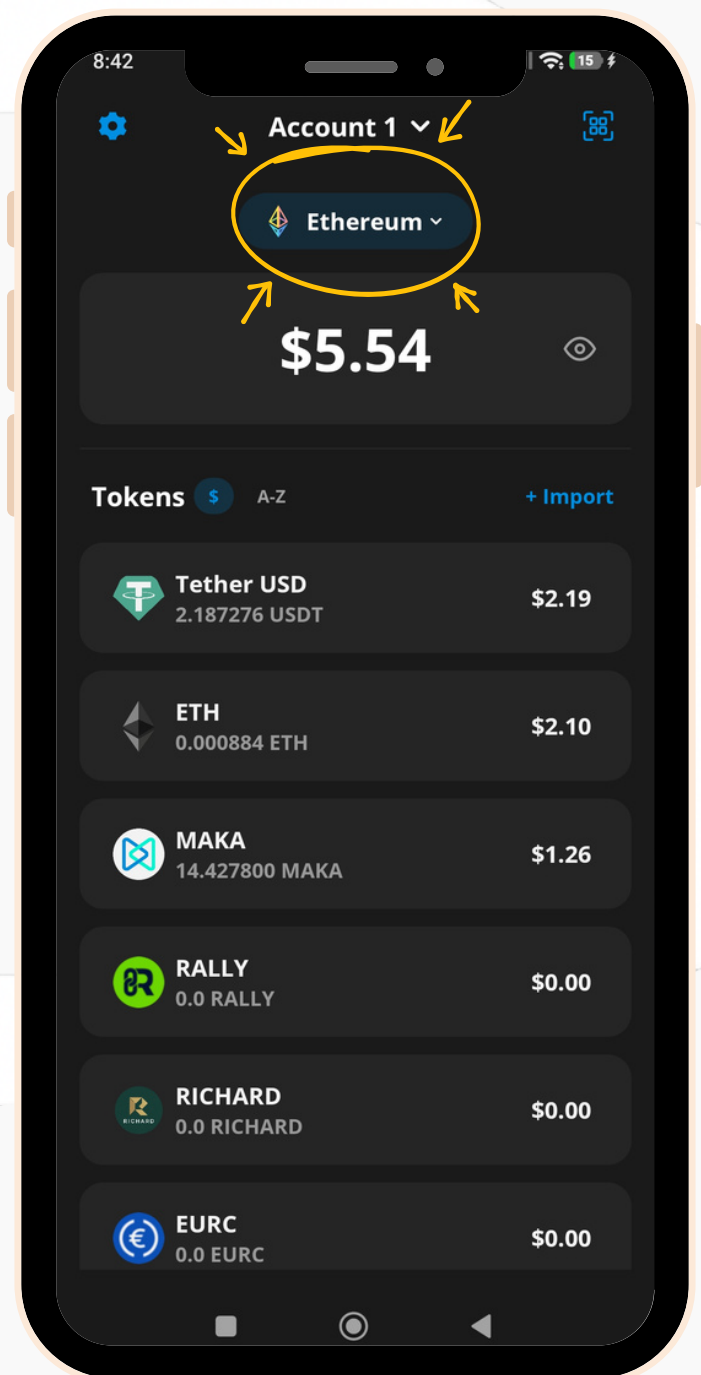

HOW TO RECEIVE TOKENS

STEP 1:

Click on the network name displayed at the top.

NOTE: In this example, it is Ethereum.

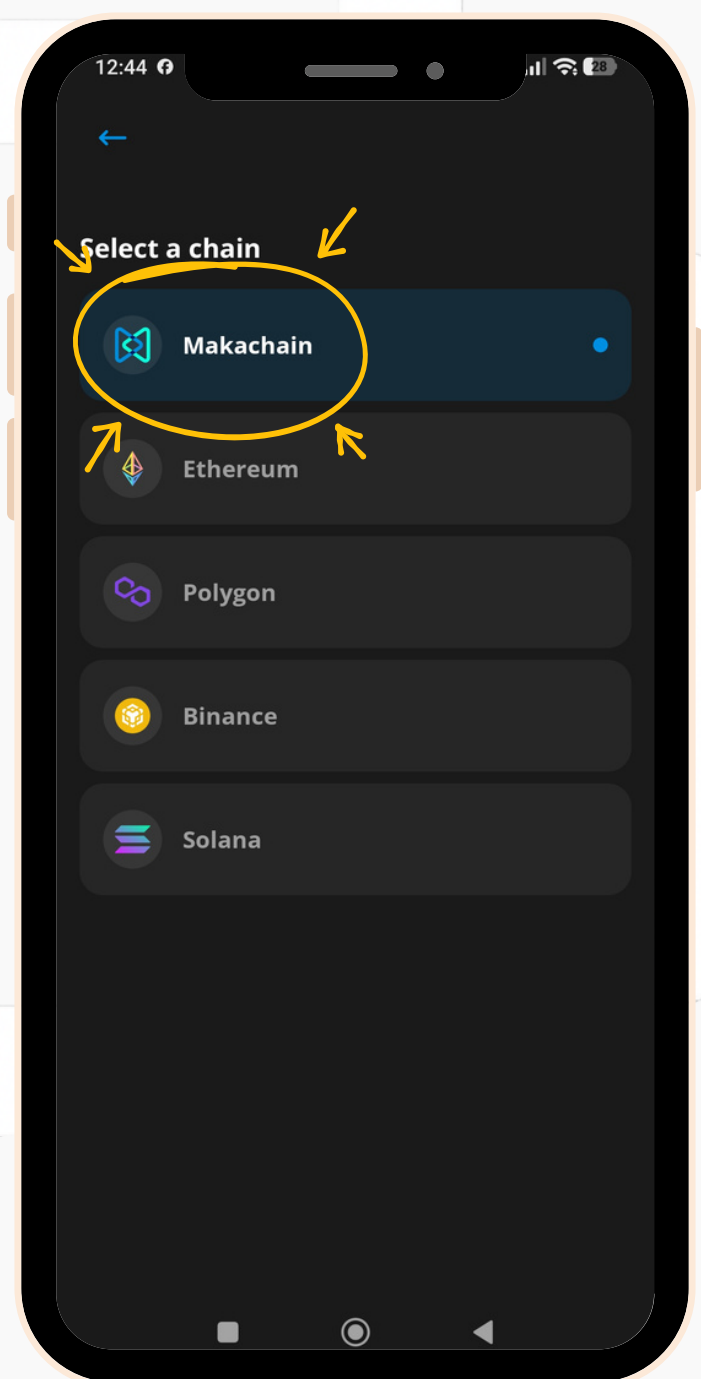

HOW TO RECEIVE TOKENS

STEP 2:

**Select the network
where you want to
receive your tokens.**

**NOTE: In this example, it is
MakaChain.**

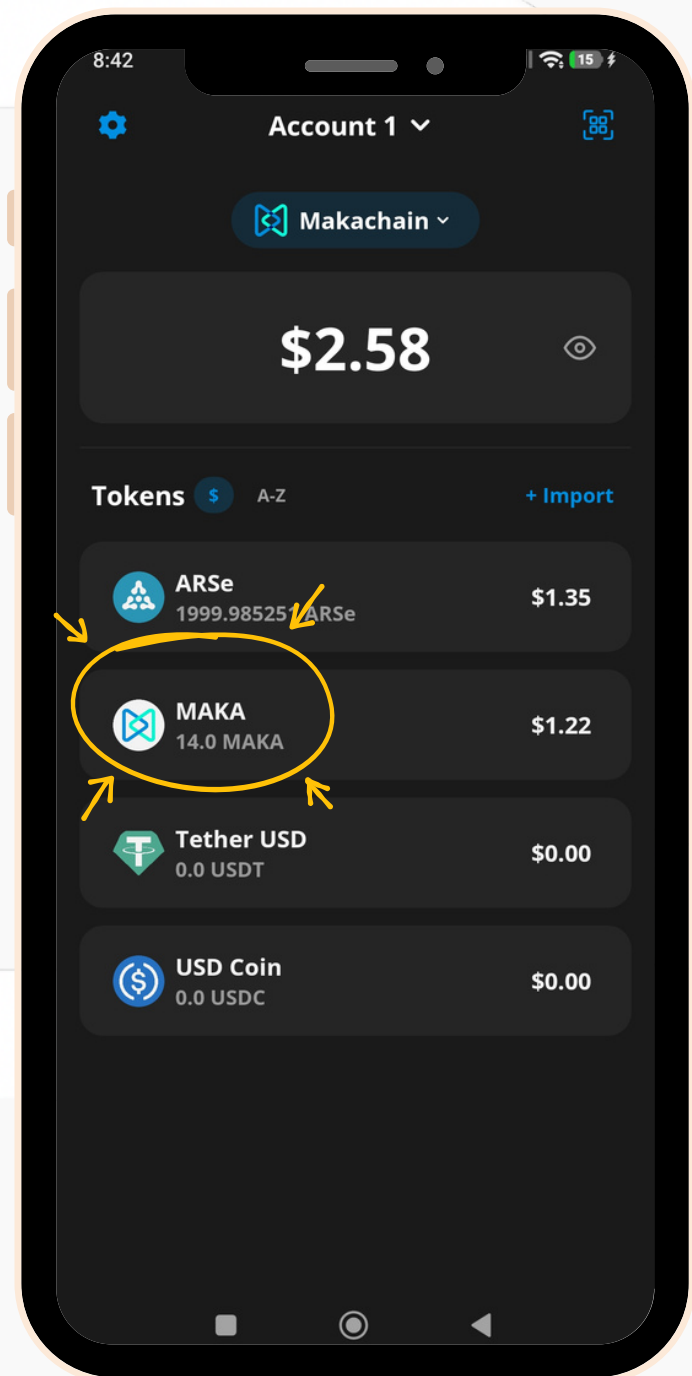

HOW TO RECEIVE TOKENS

STEP 3:

Done! That's it!
You have changed the network.

Next, you must select the token you wish to receive.

NOTE: In this example, it is Maka.
