HOW TO DO A SWAP

STEP 4

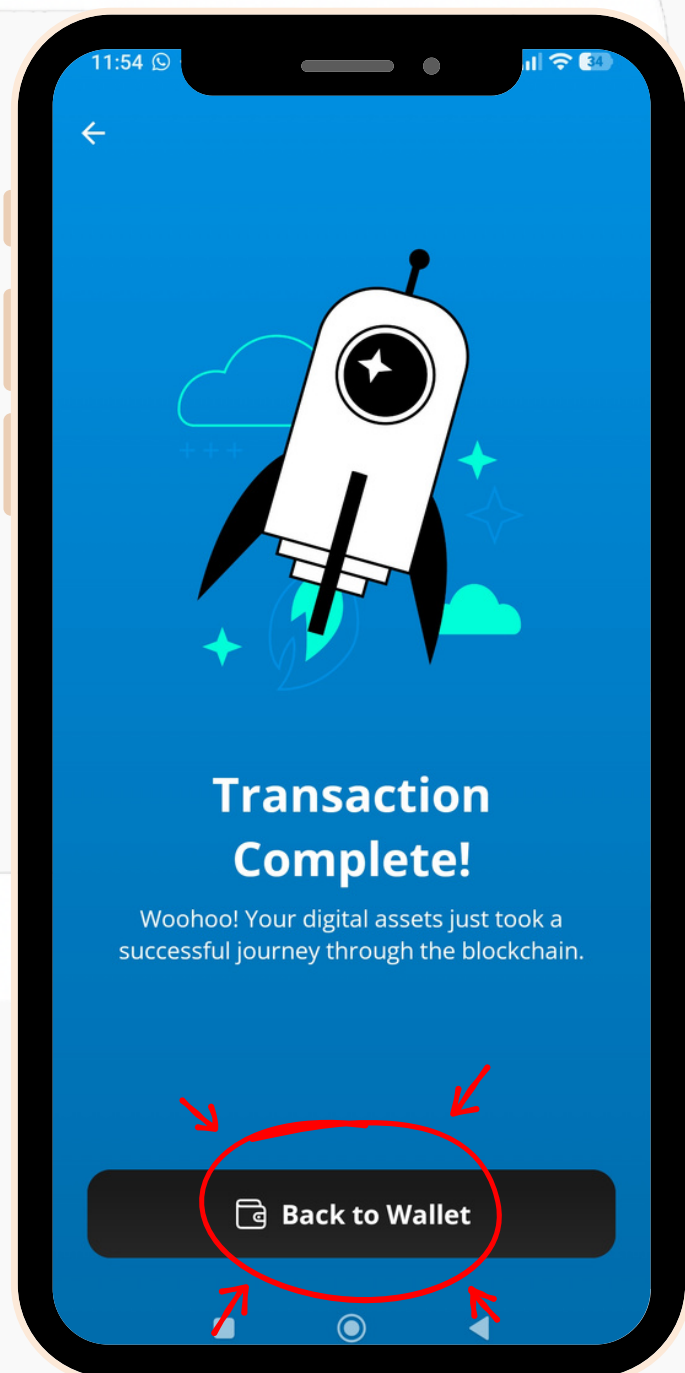

**Verify that
everything is okay
and click on "Swap."**

HOW TO DO A SWAP

STEP 5

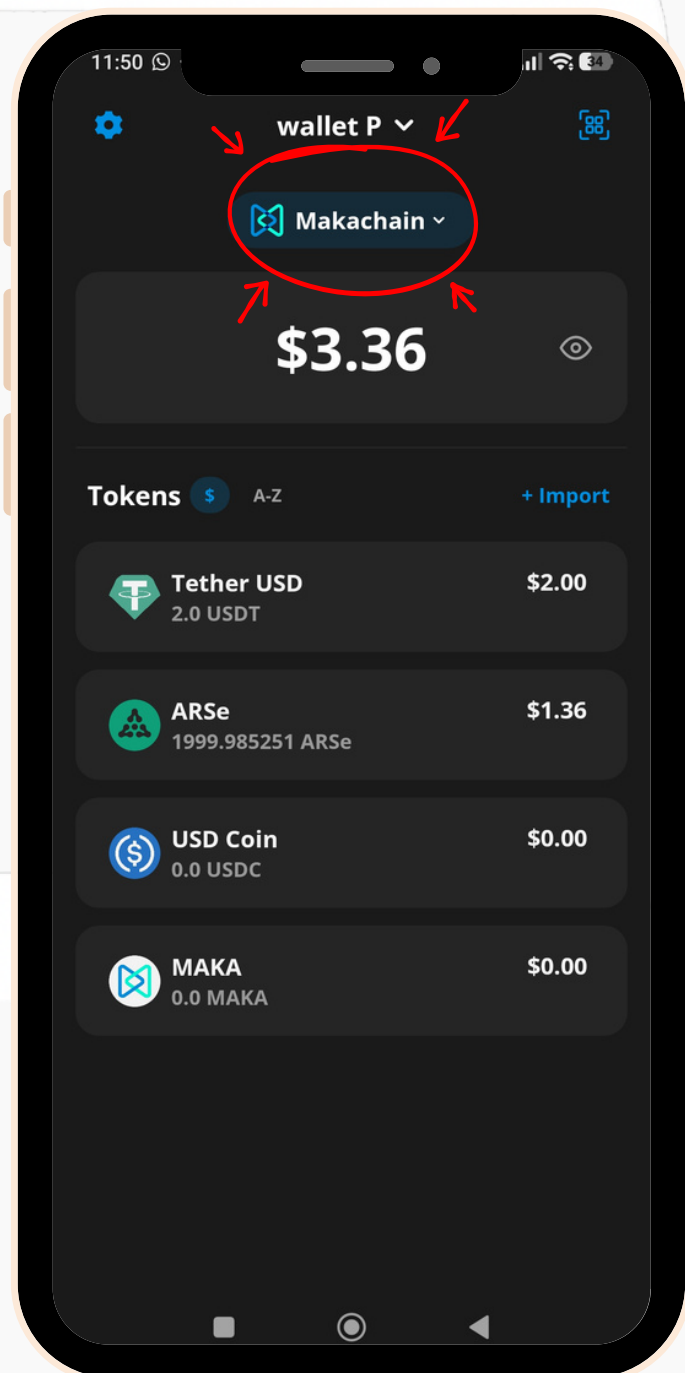

**Congratulations,
now your tokens are
on the network you
chose earlier. To see
them, do the
following:**

HOW TO DO A SWAP

STEP 6 network change

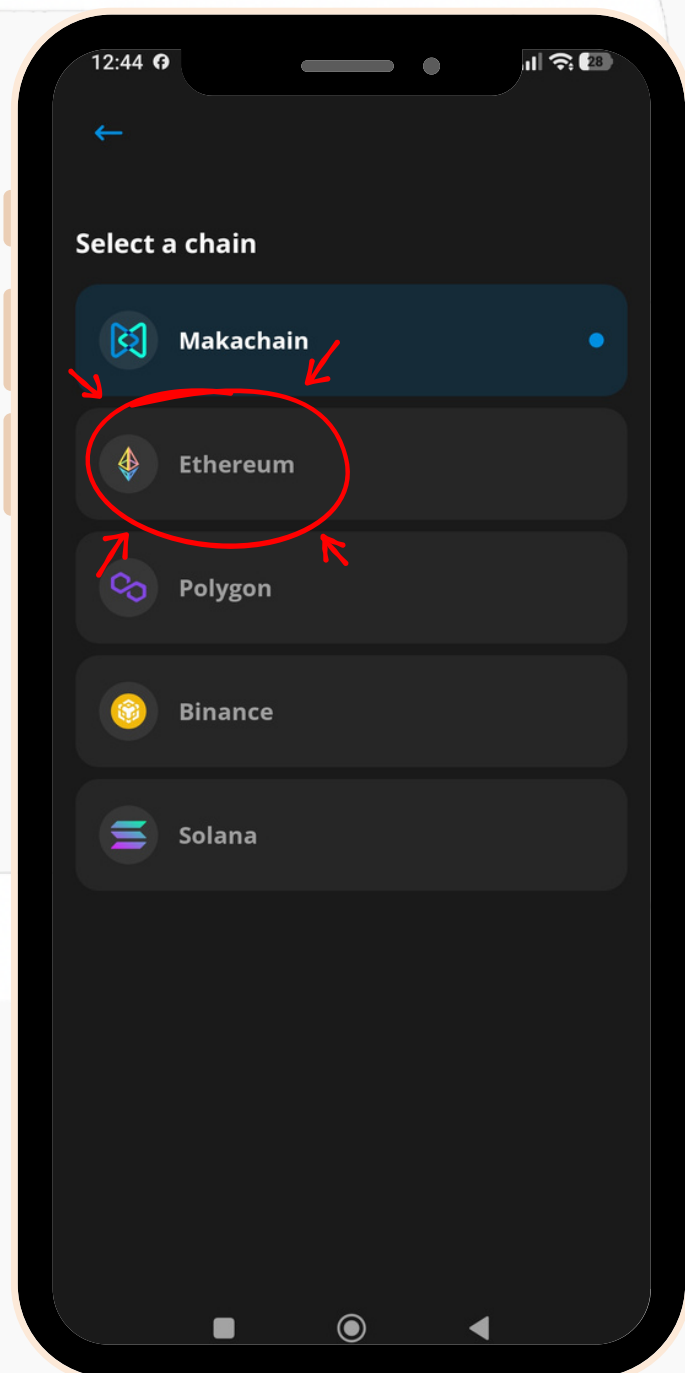

Click on the network name displayed at the top (in this example, Makachain).

HOW TO DO A SWAP

STEP 7 network change

Select the network to which you swapped your tokens, (in this example Ethereum).
